WOMEN'S POLICY FORUM

16 AUGUST 2016, MELBOURNE

PUTTING WOMEN AT THE CENTRE: A POLICY FORUM

Women and men experience the impacts of policy differently. Recognising this, the Power to Persuade and Good Shepherd Australia New Zealand have jointly initiated the Women's Policy Action Tank. This one-day forum will cast a gender lens over policy design and implementation in selected key areas impacting women's wellbeing, searching for the threads that link the experiences of diverse groups of women and the patterns of disadvantage that patriarchy creates.
